# Choices with the environment in mind

---

Sustainability, CSR, UN Global Goals, organic, certifications, Code of Conduct – it is a long list of words that are used interchangeably today. But what is actually behind the concepts? And how do we at ID® define and relate to them?

This is exactly what we focus on in our latest handbook to make it easier to navigate in the many different concepts. We believe that the most responsible clothing is the one that can be worn over and over again.

We focus on what we as a company do to ensure that you are guaranteed ethically responsible products and a good conscience. The handbook is easy to take out so it is always close at hand. So you will always be “dressed for success”.

# The wardrobe starts with the

---

At ID® a T-shirt is not just a T-shirt. With a T-shirt from ID® you get quality and a wealth of colours, models and fabrics. Our 39 years' experience ensures that you get a product with high durability, good colour fastness and a comfortable fit, which keeps its promises.

You will find a broad range of fabrics and products at various price levels, depending on what the clothing will be used for. So whether you need T-shirts for a campaign, work, leisure or sport, you are sure to find exactly the quality and functions you are looking for.

---

# T-SHIRTS

# A T-shirt for every occasion

Many years of development is your guarantee for durable, high quality T-shirts that won't pill and which retain their fit and colour wash after wash, no matter what occasion you need a T-shirt for. At ID®

we have more than 50+ T-shirts for work, leisure and activity. The range includes quality T-shirts, T-shirts that are extra durable and T-shirts with quick-drying and moisture-transporting properties.

TENCEL™ is a trademark of Lenzing AG. TENCEL™ Lyocell is made of natural raw material wood sourced from sustainable forestry in an environmentally-friendly closed-loop system in which water and chemicals from production are reused. TENCEL™ Lyocell provides breathability, softness and is quick-drying and naturally reduces bacterial growth.

The Global Organic Textile Standard is recognized as the world's leading standard for organic textiles. At ID®, we have decided to pursue the standard's highest grade – GOTS - organic label grade – which requires that a textile product must contain min. 95 % certified organic fibres.

# Iconic since 1994

## T-TIME® No. 0510

---

The most responsible T-shirt is the one that can be worn over and over again, and most importantly, it is a T-shirt that won't go out of fashion and retains its fit and colour wash after wash. In other words, quality, design and functionality are paramount.

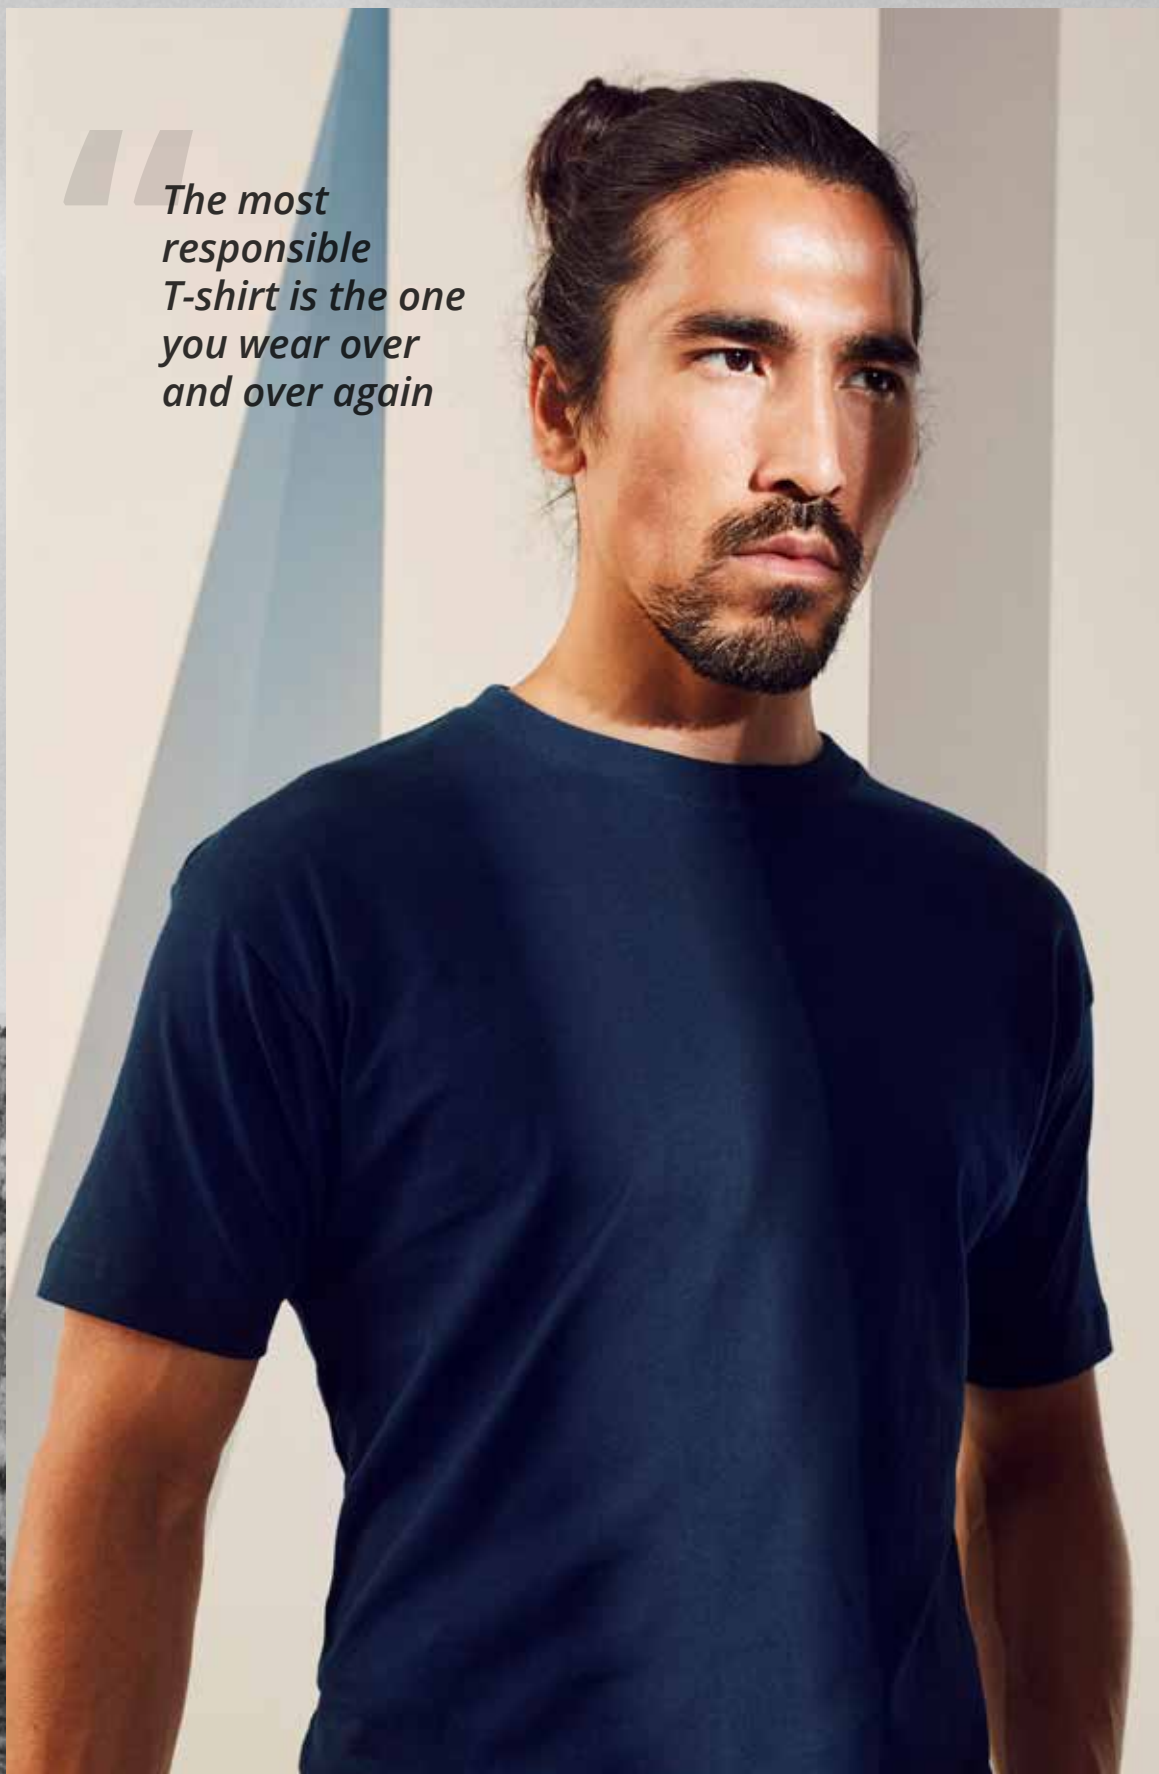

Instead of pursuing seasonal trends, at ID® we focus on creating Corporate Wear with classic, timeless and long-lasting designs that don't go out of fashion.

In 1994 – more than 28 years ago – we launched the T-TIME® T-shirt No. 0510. It has become a true iconic classic when it comes to design, quality and functionality, which is exactly why the T-TIME® T-shirt never goes out of fashion.

T-TIME® is a classic T-shirt with four-layer ribbing in the shoulder and neck. Even after many washes, the T-shirt will retain its fit and colour. The T-shirt is available in 9 sizes and 25 different colours.

Luxurious and exclusive interlock T-shirt with round neck, both stylish and comfortable. Made of high-quality cotton to ensure optimum comfort and perfect fit.

A woman with long brown hair, wearing a green suede jacket over a grey t-shirt and a plaid skirt, is sitting and looking off to the side. The background is a blurred outdoor setting.

*Seven Seas* by ID®  
Passion for shirts

WE HOPE YOU  
ENJOY WEARING  
IT AS MUCH AS  
WE DID MAKING IT

# Always practical always stylish

The polo shirt is a classic in any wardrobe. It is practical and durable, and also a good alternative to a buttoned shirt, and an ideal choice for work and leisure use.

We have the biggest range of colours and sizes on the market and a wide range of polo shirts. You can always be confident of the renowned ID® quality, which keeps its colour and fit, even after many washes.

## POLO SHIRT

+

95%

At ID®, we've chosen to focus our work on the highest level of GOTS - organic label grade. This means the products must contain at least 95% organic certified cotton.

Polo shirt | organic - No. 0586, p. 61

+

94%

With GOTS certified cotton, the use of energy and water is minimised, and cultivating organic cotton results in up to 94% less greenhouse gas emissions.

Certified by Control Union  
CU 1038205

# Organic GOTS certified clothing

---

The Global Organic Textile Standard is recognised as the world's leading standard for organic textiles. At ID®, we've chosen to focus our work on the highest level of GOTS - organic label grade. This means the products must contain at least 95% organic certified cotton.

The farmers have the freedom to choose what they want to grow. The fields are cultivated in a way that makes them sustainable in the long term. The organic cotton is grown next to fields that provide food for the farmers.

Dangerous pesticides are banned in organic cotton production, making it safer for farmers. All chemical substances must meet strict environmental and health standards.

The use of energy and water is minimised, and when growing organic cotton, up to 94 % less greenhouse gas is emitted.

All factories are regularly inspected and certified according to strict CSR criteria, which means there's no forced labour or child labour.

Both in-house at ID® and at our manufacturers, we continuously work to improve working conditions and the freedom to choose employers based on our Code of Conduct.

Based on our environmental policy, the criteria for the use of chemicals, energy, water and waste are met, which helps protect the environment and workers.

The GOTS certification covers all stages of the supply chain. Transparency throughout the supply chains is a requirement, and everything must be documented and approved via GOTS's controllers.

Allergenic, carcinogenic or toxic chemical residues are not allowed in clothes that are GOTS certified.

GOTS also sets criteria for the technical quality of the textiles, with parameters for colour fastness and shrinkage.

GOTS products must be purchased from certified suppliers.

# The navy colour palette

Choose from more than 180+ navy styles for men, women and children across our product categories.

# Use it often use it well

Hard work demands clothing which is designed for movement and wear. PRO Wear by ID® is the answer for employees who are active in their work, and need clothing which simply lasts, day in and day out.

PRO Wear by ID® is available in many sizes and versions, and all products are designed for movement, so they are comfortable to wear in any working position. The clothing is also pre-shrunk, so you can always rely on the fit. It can handle daily washing at temperatures up to 80°C for whites, while colours can be washed at 60°C.

## PRO Wear<sub>by ID®</sub>

**PRO Wear** by ID®  
*Made to last*

# You get more than meets the eye

---

**All our PRO Wear by ID® styles have undergone stringent quality testing to ensure that you get the best possible product. Clothes designed for movement and wear.**

## **Long product lifetime**

The combination of a high level of quality, materials and ongoing testing ensures a long lifetime for the garments.

## **Sizes and colours**

Available in many sizes – from 2XS to 6XL and in 21 different colours.

**SIZES  
FOR ALL**

## **Washing instructions**

Machine wash at up to 80°C (white) or 60°C (colours).

## **Retains its fit**

Specially developed finishes and treatments provide lifelong stability and low shrinkage, which ensures a good fit, even after many washes.

**LIFELONG  
STABILITY**

# Better for the environment, better for you

**PRO Wear CARE** | We want to make a positive difference to the people we work with. This is why we introduced the PRO Wear CARE textile series, which carries the EU Ecolabel. The EU Ecolabel is your guarantee that the production and manufacturing processes have as little impact on the environment as possible.

## 1 Responsible cotton

We have chosen to use responsibly manufactured cotton for our PRO Wear CARE range. The raw cotton is tested for pesticides before it is processed further. The EU Ecolabel requires regular production testing, documentation and traceability in contrast to the use of conventional organic cotton.

## 2 Educated farmers

The cotton is produced by farmers who are trained to cultivate the soil optimally with the least possible use of chemicals with the optimal use of water. The excellent quality of the cultivated cotton is crucial for future cotton production.

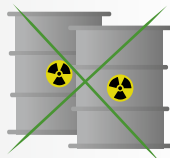

## 3 Recycled polyester

In production, post-consumer plastic is used, which is recycled plastic collected from end-users. Through a unique process, recycled plastic bottles, for example, are transformed into recycled polyester, which helps to reduce carbon emissions in order to protect our environment.

23%

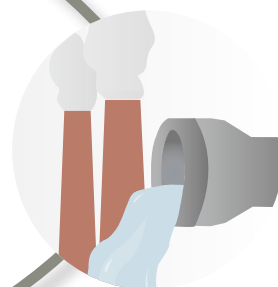

of PRO Wear by  
ID® is EU-Ecolabel  
certified

4

#### No toxic chemicals

Ecolabelling Denmark approves every single dye and chemical used for EU Ecolabelled products. There are requirements for the biodegradability of chemicals, and with a focus on biodiversity, the variety and variability of nature is ensured.

5

#### Minimal pollution

The amount of wastewater discharge and air pollution emission in connection with production processes is measured in production facilities, so the discharge and emission can be checked and documented continuously.

6

#### Social responsibility

Social and environmental responsibility is a key aspect of our production processes. We only collaborate with suppliers who are approved and audited in accordance with the EU Ecolabel criteria and comply with ID®'s principles of social, environmental and ethical responsibility.

7

#### We care for the environment

The EU Ecolabel sets requirements for compliance with basic environmental principles regarding the handling of chemicals, water, waste and energy, and therefore we only cooperate with suppliers approved by Ecolabelling Denmark.

8

#### Sustainable end product

When choosing EU Ecolabelled products, you are helping to make a difference. These products meet stringent requirements regarding their design, materials and quality to ensure a long product lifetime and a circular life cycle.

NEW STYLE

# More comfortable than ever before

The 'hybrid shirt' from Seven Seas by ID® is an ultra stretch shirt with superb softness created from natural raw material wood sourced from sustainable forestry.

SEVEN SEAS Hybrid shirt | modern - No. S50, p. 144

A groundbreaking reinterpretation of the classic shirt that combines the latest technologies in TENCEL™, which provides superb softness and breathability, while LYCRA® adds 4-way ultra stretch properties. TEN-

CEL™ is made of natural raw material wood sourced from sustainable forestry in an environmentally-friendly closed-loop system in which water and chemicals are reused. A must-have new favourite for your wardrobe.

## TROUSERS

# For active days

**GEYSER by ID® dresses you in trousers and tights that are developed for an active lifestyle, where the focus is on freedom of movement, comfort and functionality.**

**NEW STYLE**

**NEW STYLE**

## **GEYSER performance tights**

High-waisted tights, designed for an active everyday life. The soft functional quality provides excellent mobility, comfort and functionality.

GEYSER T-shirt | seamless - No. G11020, p. 45  
GEYSER performance tights | long - No. G11048, p. 248

## **GEYSER pants | seamless**

Sporty trousers in recycled polyester, a more responsible material derived from recycled plastic. The trousers are designed without side seams, which provides optimal comfort.

GEYSER cardigan | seamless - No. G11026, p. 94  
GEYSER pants | seamless - No. G11028, p. 256

## **GEYSER sporty training pants**

Stylish training trousers with stretch and zip pockets. The trousers are ideal for both sports and active leisure. Handy zip ankles makes them easy to put on and take off.

GEYSER quilted jacket - No. G21030, p. 224  
GEYSER sporty training pants | unisex - No. G21015, p. 242

# For all other days

ID® dresses you in functional trousers. Discover our trousers with stretch, extra durable trousers or waterproof shell trousers.

'N'  
MIX

## Hybrid stretch pants

From work trousers to practical outdoor trousers. The trousers are comfortable and stretchy with canvas reinforcements in key stress areas.

Soft shell jacket | light - No. 0837, p. 188  
Hybrid stretch pants - No. 0903, p. 233

## Stretch pants | multifunctional

Comfortable stretch trousers with a sporty design and roomy fit. The leg length can be adjusted up to below the knee with a practical inside drawstring.

PRO Wear CARE T-shirt | V-neck - No. 0373, p. 104  
Stretch pants | multifunctional - No. 0907, p. 234

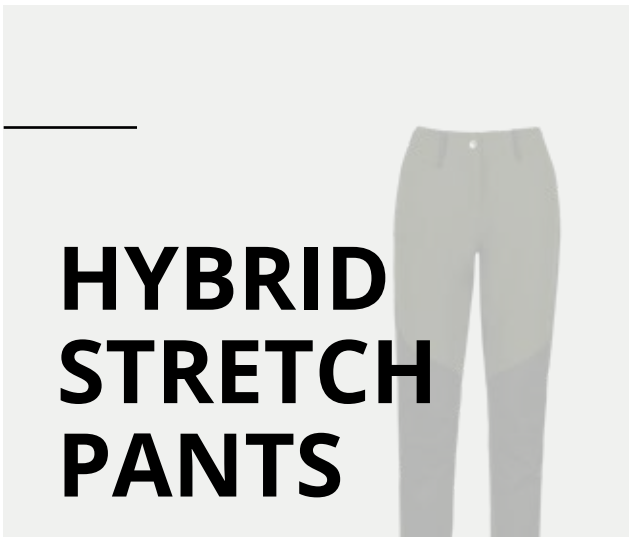

## Zip-n-Mix pants

Exclusive and functional Zip-n-Mix overall trousers with waterproof and windproof features. Side zips all the way along both seams make it easy to slip them on and off.

Zip-n-Mix shell jacket - No. 0774, p. 216  
Zip-n-Mix trousers - No. 0775, p. 237

# #LETSCARE TOGETHER

## Recycled plastic gets a new life

'Seamless' is the name of the Active Wear range from GEYSER by ID®, made from recycled polyester, a more responsible material derived from recycled plastic.

The Active Wear range includes seamless T-shirts, cardigans and trousers with quick-drying and moisture-transporting features. Designed without sewn side seams to provide optimal comfort and freedom of movement.

Sustainability is a journey, not a destination. We're always learning, and we invite you to join us on the journey. Together we can reduce carbon emissions and minimise waste.

The message is simple: #letscaretogether.

# **Smaller but the same high quality**

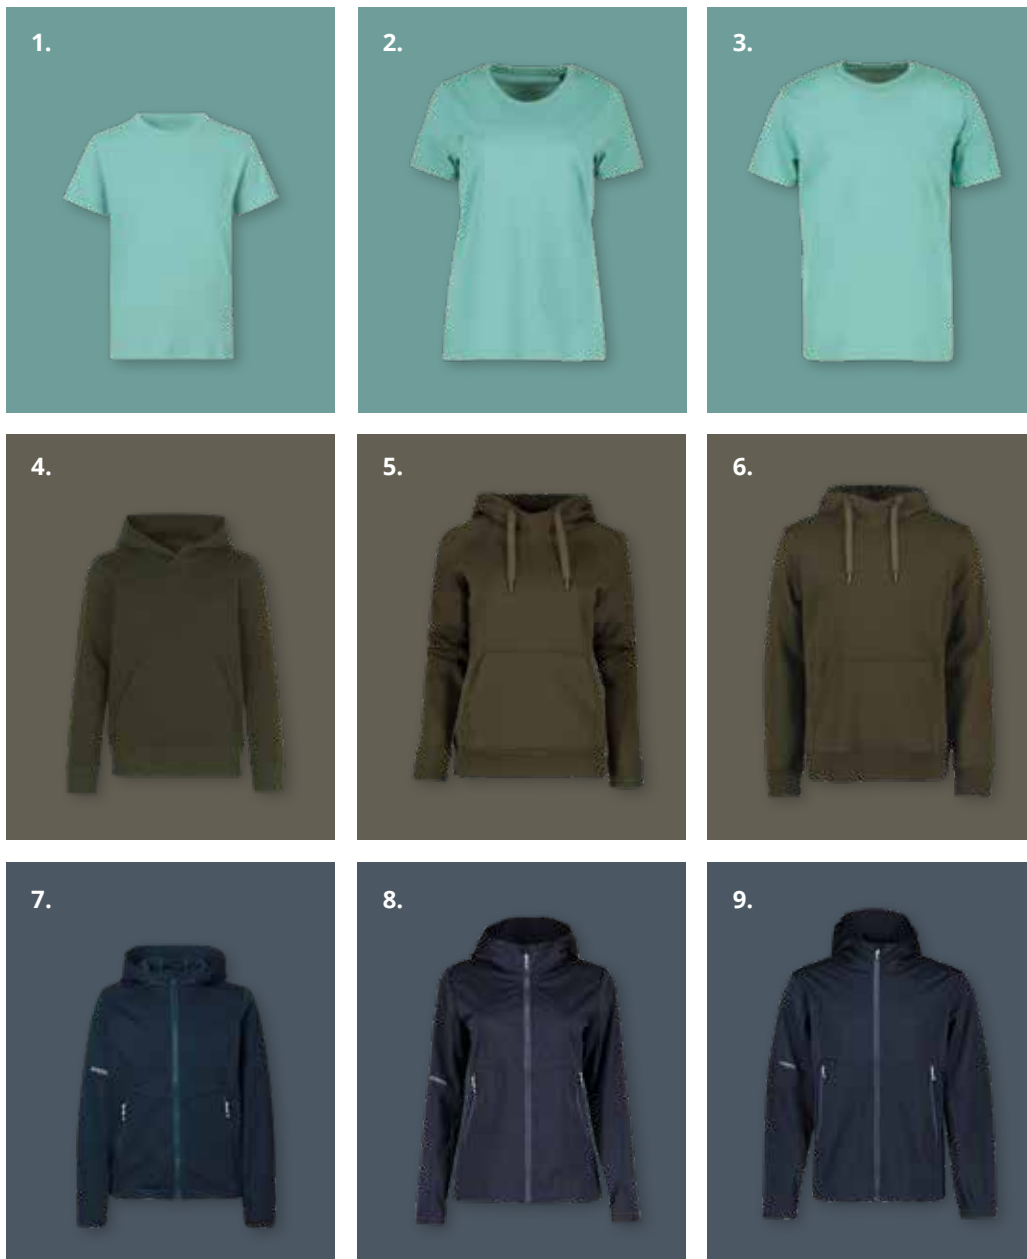

All of our popular models are also available in smaller versions. Children use clothing very differently than adults. Our children's clothing is therefore designed to match their school and leisure activities. The clothing always has a good fit, with room for movement, in strong, colour-fast materials.

## **CHILDREN**

# Match with the little ones

And naturally, children should also be able to enjoy the familiar classic ID® styles. That's why we have selected nine popular styles designed in sizes 4/6 - 12/14 years so you can match with

the little ones in everyday life and for different occasions. All children's styles are adapted to children's everyday life, and are of course designed without free-hanging drawstrings.

1. Organic T-shirt | children - No. 40552, p. 263 | 2. T-shirt | organic | women - No. 0553, p. 13 | 3. T-shirt | organic - No. 0552, p. 13  
4. CORE hoodie | children - No. 40636, p. 267 | 5. CORE hoodie | women - No. 0637, p. 86 | 6. CORE hoodie - No. 0636, p. 86

# WHAT DO THE SYMBOLS MEAN?

BREATHABLE	Breathability is measured in MVP (Moisture Vapour Permeability). MVP specifies how much moisture in grams can be transported out per square metre per 24 hours.
3000 BREATHABLE	3000 MVP.
4000 BREATHABLE	4000 MVP.
5000 BREATHABLE	5000 MVP.
WINDPROOF	Windproof material.
WATER REPELLENT	Water repellent product made of waterproof or water resistant material, without waterproof seams.
WATER PROOF	Waterproof product with waterproof seams. The waterproof level is measured as the water column pressure in millimetres, and expresses how much water pressure a fabric can withstand before water presses through it.
8000 WATERPROOF	8,000 mm water column pressure.
10000 WATERPROOF	10,000 mm water column pressure.
MEMBRANE 3-LAYERS	Breathable, wind and water resistant three-layer membrane.
TAPED SEAMS	Taped seams for maximum protection against wind and rain.
ISO 15797	ISO 15797 is an international standard for evaluating a product's suitability for industrial washing. The tests are carried out in close cooperation with external experts.
QUICK DRY	Moisture transmitting, breathable and quick-drying material.
QUICK DRY*	Permanent moisture transmitting, breathable and quick-drying material.
YKK MAIN ZIPPER	Quality zipper from YKK.
ZIPPER WATERPROOF	Waterproof zipper.
ID TECH	Breathable, wind and water resistant and moisture transmitting.
ACTIVE	The product for active leisure or sport.

## CERTIFICATIONS

GOTS is recognised as the leading global processing standard for textiles made from organic fibres. The standard GOTS requirement is that at least 95% of the fibres in the garment are organic, and that the organic fibres must be separated from conventional fibres throughout the manufacturing process.

The Ecolabel is your guarantee that clothing bearing the EU Ecolabel impacts the environment as little as possible, and ensures that the clothing does not contain pesticide residues and other environmentally harmful chemicals, that eco-friendly dyes have been used and that waste water is handled responsibly.

TENCEL™ Lyocell is made of natural raw material wood sourced from sustainable forestry in an environmentally-friendly closed-loop system in which water and solvents from production are reused. TENCEL™ Lyocell provides breathability, softness and is quick-drying and naturally reduces bacterial growth.

STANDARD 100 by OEKO-TEX®, Annex 4, product class 2, is subject to requirements covering pH value and the content of, for example, pesticides and heavy metals.

STANDARD 100 by OEKO-TEX®, Annex 6, product class 1, places even stricter requirements on the content of substances in the clothing which are hazardous to human health and the environment.

STANDARD 100 by OEKO-TEX® Annex 6, product class 1, concerns organic products. Guarantees that the cotton is organic, as well as GMO-free.

The product has been developed to meet the hygiene requirements for food production as defined in HACCP - certified by Hohenstein.

## SHIRT COLLAR TYPES

---

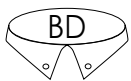

The cut away collar is suitable for ties and is also considered as one of the more formal collar types.

The Kent collar is distinguished by a classic shape that provides a more modern look.

The collar tips of the regular collar are more widely spread than those of the Kent collar making it the perfect companion for wider tie knots.

The button-down flip is with buttons, a smart business or leisure look.

## SHIRT - FINISH

---

### Easy Care

Easy Care-finish require minimal ironing. To achieve the best result, the shirt should be ironed after washing before it is completely dry. The shirts can also be tumble-dried at low heat and afterwards placed on a hanger.

### Non Iron

Non Iron-finish require minimal or no ironing. After washing and possibly tumble drying at low heat, hang the shirt to naturally dry on the hanger and it is ready for use.

## SIZE GUIDE

### FIND THE RIGHT SIZE - QUICK AND EASY

We have prepared the size guide below which can help you choose the correct size when you shop at ID®. Always measure directly on the body, then find your size in the table

below. All dimensions are in centimetres. If you have any questions about our size guide, please feel free to contact us at [support@id.dk](mailto:support@id.dk).

#### WOMEN

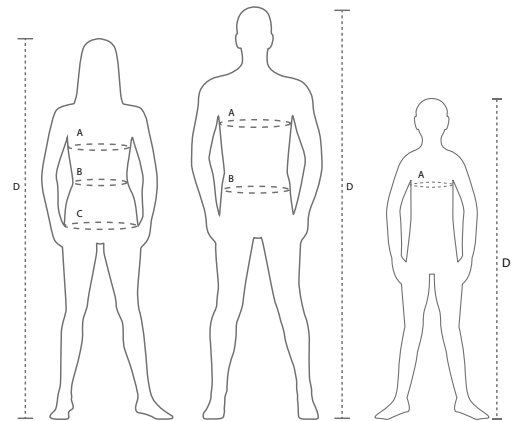

- A Chest width is to be measured horizontally at the widest point
- B Waist width is to be measured horizontally at the slimmest point
- C Hip width is to be measured horizontally at the widest point
- D Height

#### MEN

- A Chest width is to be measured horizontally at the widest point
- B Waist width is to be measured at waistband
- D Height

#### CHILDREN

- A Chest width is to be measured horizontally at the widest point
- D Height

## SIZE GUIDE CHART

With the size guide chart from Seven Seas by ID® you will find the right size straight from the beginning. The size guide chart is the essence of standard measuring methods. All measurements are in centimeters. The size specifications depend on correct washing und drying of the product.

## MEN

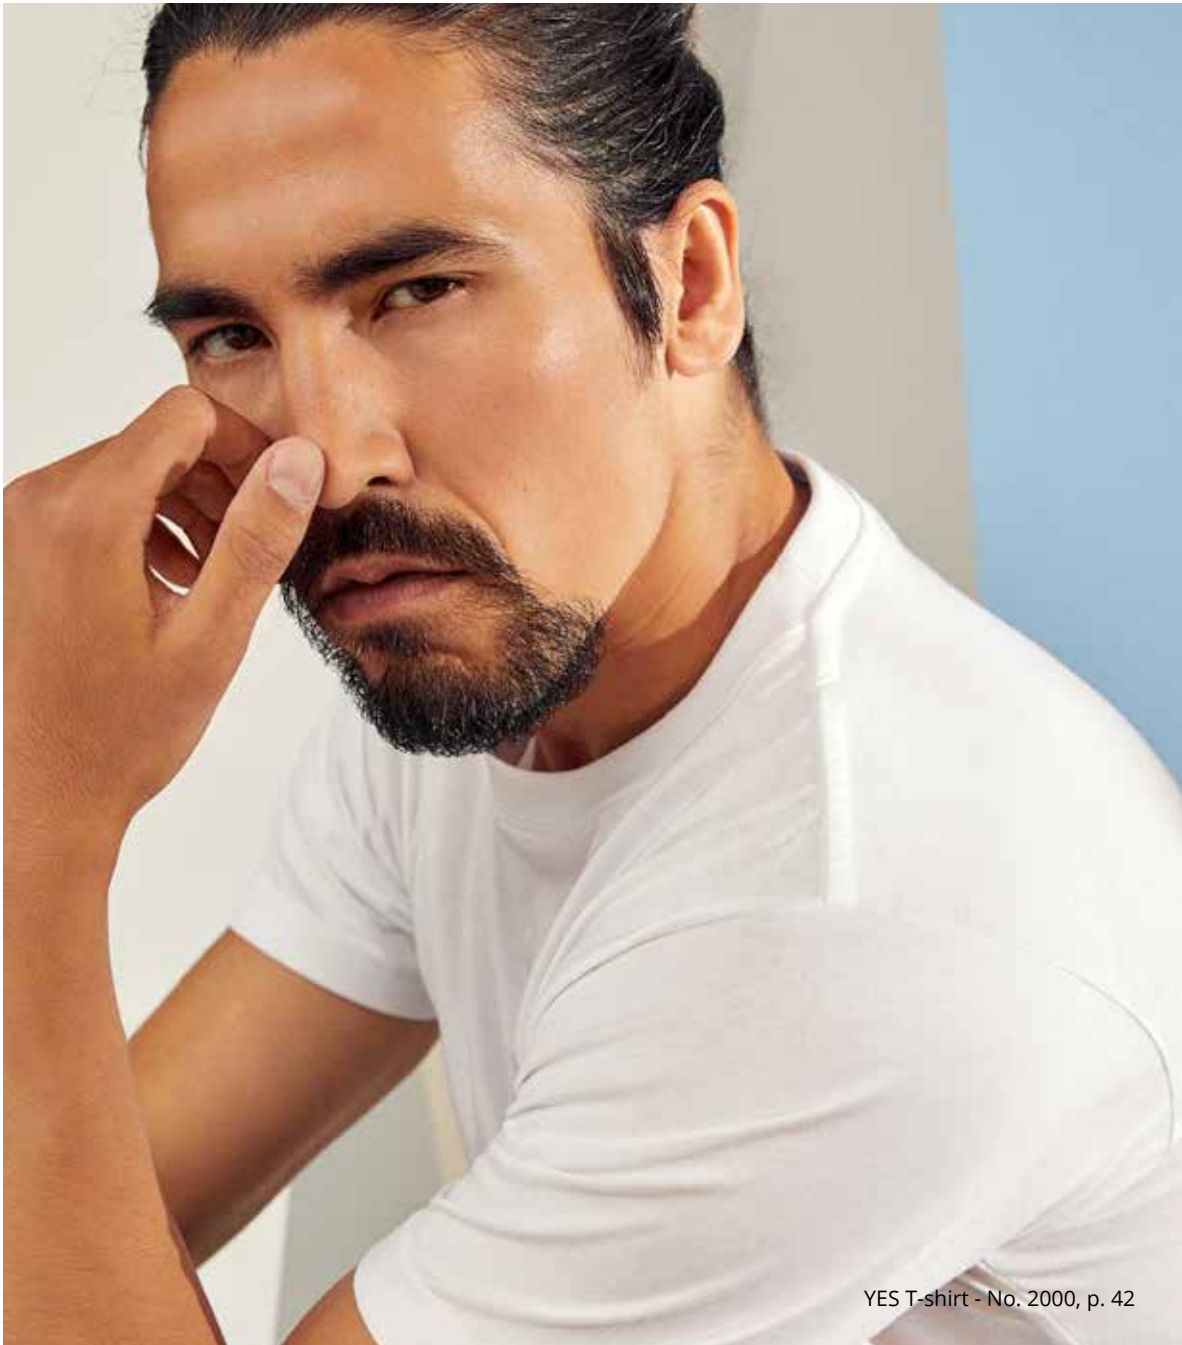

- Ⓐ Collar width is to be measured at the collar from the middle of button to end of buttonhole.
- Ⓑ Chest width is to be measured at the widest point.
- Ⓒ Waist width is to be measured at the slimmest point.
- Ⓓ Long sleeve length is to be measured from shoulder to wrist.

## LADIES

- Ⓑ Chest width is to be measured at the widest point.
- Ⓒ Waist width is to be measured at the slimmest point.

\* The sizes are instructive and apply to woven shirts

# All classics were young once

YES T-shirt - No. 2000, p. 42

At ID®, we do not pursue seasonal trends. We create Corporate Wear classics with a timeless and long-lasting design that retain their fit and colour wash after wash. All classics

were young once, so please welcome the new classics ranging from outerwear and trousers to T-shirts and shirts.
